Bible Cause in North Carolina.
The following extract from the fifty-seventh annual report of the American Bible Society, setting forth the progress of the Bible work in North Carolina, will no doubt be of interest to many of our readers:

"NORTH CAROLINA.—The work in this State has been conducted during the past year with peculiar efficiency and industry by Rev. P. A. Strobel, of Raleigh, whose report is as follows:

There are ninety-five counties embraced in this district. In these counties are 121 auxiliaries, nine branch societies, and seven Bible committees. The Superintendent has visited ninety-eight auxiliaries and sixteen branch societies and committees. Thirteen new auxiliaries have been organized, twenty-five have been revived, and seven branch societies and several Bible committees have been formed. Number of miles travelled, 6,000; sermons and Bible addresses delivered, 225; official letters written, 468; documents issued, 975; money forwarded to the Bible House, \$3,324.79.

The work of the past year has been one mainly of reorganization. Many of the auxiliaries were virtually dead; many were without books; and, with a few exceptions, none of them had done anything in canvassing and supplying their respective territories. Besides this, a spirit of apathy and indifference seemed to prevail almost universally, and the Bible cause generally was in a languishing condition. As a consequence of this state of things, the destitution was found to be alarmingly great. From the best information that could be gathered, not less than 30,000 families are believed to have been destitute of the Word of God at the commencement of the year.

In some counties there were found two, and in a few as many as three auxiliaries; but there had been no conference among the officers of these societies; the boundaries of their respective territories had not been defined; there had been no division of labor, no system, and no intelligent and earnest prosecution of the work of distributing the Scriptures. These evils the Superintendent has endeavored to correct, and although he has not thus far achieved all that he desired, he thinks the field is full of promise of future good results. The auxiliaries which have been reorganized and supplied with books have hardly had time to do much in the way of exploring and supplying their territory.

Only two are reported as having completed the canvass and supply of their respective territories. These are the Salem Bible Association and the Cabarrus County Bible Society. To these may perhaps be added the Mebaneville and Caldwell county Bible Society. Mecklenburg, Gates, Union, Carteret, McDowell, Craven, Lumberton, Franklin and Wayne county (freedmen's) Societies report a partial canvass. Many others are believed to have taken some steps to supply their territory, but have sent in no reports. The following statistics are all that have been gathered: Auxiliaries reporting as engaged in exploring and supplying their territory, eighteen; families visited, 916; found destitute, 390; destitute families supplied, 357; individuals supplied, 543; freedmen supplied, 550; furnished for railroad cars, thirty; Sabbath schools supplied, forty.

From these returns it is manifest that a very small portion of the State has yet been explored and supplied, and that it will require much greater earnestness and industry upon the part of Christians throughout the State before the thousands of destitute families have been reached and supplied with God's precious Word.

Nearly all the auxiliaries during the past year have replenished their depositories. There are fully 120 localities in the State where the Society's publications can now be obtained. In this particular there has been a great improvement in the condition of the work. One Society (Wake county) which at the commencement of the year had only one Bible in its depository, has purchased over \$600 worth of books. This same county gave us nothing last year in the way of collections and donations, except in the case of a single individual; this year the collections and donations amount to over \$250.

Special attention has been paid to the wants of the freedmen, and a number of branch societies and committees have been organized to facilitate the distribution of the Scriptures among their families and Sabbath schools. The freedmen, in many sections of the State, are rapidly becoming educated, and they gratefully avail themselves of every opportunity to possess the Bible. Perhaps one-third of all the destitution among them has been supplied.

In this connection it affords the Superintendent great pleasure to bear testimony to the noble work which the Rev. H. B. Blake and his son are doing among the freedmen in Wilmington and vicinity, not only in educating the freedmen, but in distributing the Scriptures among them.

The Superintendent has presented the Bible cause to the various ecclesiastical bodies in the State, and he is happy to say that in all cases they have courteously received him, and have adopted resolutions earnestly commending the Bible cause to the churches, and pledging the cordial co-operation of all the pastors. To many of the pastors of these denominations, and to very many laymen, the District Superintendent is indebted for numerous acts of personal kindness. The Christian courtesies extended to him, and the words of sympathy and encouragement which have greeted him in almost every community have tended greatly to cheer and strengthen him in the prosecution of his arduous work.

The work of supplying the destitution in this district has been very greatly facilitated by the liberality of the Parent Society, in making such ample grants for gratuitous distribution. These grants, forty in number, embrace about 10,000 copies of the Scriptures. Two thousand three hundred dollars worth of books have also been put at the disposal of the surviving members of the North Carolina Bible Society, in discharge of a sum formerly deposited with the Parent Society by that auxiliary, and from this source many books have been drawn for gratuitous distribution. On the whole, the State of North Carolina is believed to be better supplied with books than at any period since 1861. This is certainly a source of encouragement.

In reviewing the labors of the past year, the Superintendent for North Carolina would gratefully recognize the hand of a gracious and merciful God, in the preservation of his life amidst many perils, and in the large measure of health with which he has been blessed. The field which he was called to occupy is extensive, and demands no small measure of patience, zeal, and perseverance and faith. Whatever success has attended his labors, he humbly ascribes to the blessing of God and the co-operation of Christian pastors and laymen. He is conscious of having endeavored faithfully to discharge his duty. He has sought, by faithful appeals to the people whom he has addressed, to stimulate an increased zeal and earnestness in the work of distributing the Scriptures. He regrets that his efforts in this direction have not been more successful, and that a greater interest has not been awakened among Christians, on behalf of the thousands of families who are "sitting in darkness," and famishing for the lack of "the bread of life." May the Great Head of the Church quicken his people, by the outpouring of the Holy Spirit, to a deeper sympathy with the benighted and the perishing, and to more prompt and earnest efforts for their salvation!

Receipts from North Carolina \$5,073.72. Books sent thither, 35,589 volumes.

The Cuban insurgents are in great luck—having received on the 7th instant a cargo of arms, powder and medicine from the blockade runner Virginus, which successfully eluded the vigilance of the Spanish war vessels, landed her large and priceless cargo, and reached Kingston, Jamaica, on her return, last Wednesday. The expedition was under the command of General Raphael Quesada, a brother of General Manuel Quesada.

The Virginus has had a peculiar history. Bought of the United States government in 1870, she sailed for Venezuela in October of that year, and landed an expedition in Cuba in June, 1871. She got through the Spanish blockaders safely and sailed for Aspinwall, where she was repaired. In April, 1872, she left that port, convoyed by one of our steam corvettes, the Kansas, and followed by the Spanish war vessel Pizarro—to both of which vessels she easily showed her heels and sailed to Venezuela, where she was blockaded by seven Spanish men of war, at different times, the expense to Spain exceeding \$300,000 in gold, yet on the 7th of September the Virginus, having got ready, quietly slipped out. She was unsuccessfully chased by the Vasco Nunez de Balboa and sailed to Maracaibo, Venezuela, and from there went to Caracas.

"Hot weather, cholera, and hard times" have produced a cessation in the issue of marriage licenses in Pulaski county, Tennessee.

Prospectus for 1873.

SIXTH YEAR.

THE ALDINE,

An illustrated monthly journal, universal admitted to be the handsomest periodical in the world. A representative and champion of American taste.

NOT FOR SALE IN BOOK OR NEWS STORES.

THE ALDINE, WHILE ISSUED WITH all the regularity, has none of the ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature, and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any shape or number of volumes, for ten times its cost, and then there are the chronic diseases!

ART DEPARTMENT.

Notwithstanding the increase in the price of subscription list fall when THE ALDINE assumed its present noble proportions and representative character, the edition was more than doubled during the past year, proving that the American public appreciate, and will support, a sincere effort in the cause of Art. The publishers, anxious to justify the ready confidence thus demonstrated, have exerted themselves to the utmost to develop and improve the work, and the plans for the coming year, as unfolded by the monthly issues, will astonish and delight even the most sanguine friends of THE ALDINE.

The publishers are authorized to announce designs from many of the most eminent artists of America.

In addition THE ALDINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success and greatest general interest, and such as have become familiar through photographs, or copies of any kind.

The quarterly tinted plates, for 1873, will reproduce four of John S. Davis' inimitable child-sketches; appropriate to four seasons. These plates, appearing in the issues for January, April, July and October, would be alone worth the price of a year's subscription.

The popular feature of a copiously-illustrated "Christmas" number will be continued.

To possess such a valuable epitome of the art world, at a cost so trifling, will command the subscriptions of thousands in every section of the country, but as the usefulness and attractions of THE ALDINE can be enhanced, in proportion to the numerical increase of its supporters, the publishers propose to make "insurance doubly sure" by the following unparalleled offer of

PREMIUM CHROMOS FOR 1873:

Every subscriber to THE ALDINE, who pays in advance for the year 1873, will receive without additional charge a pair of beautiful oil chromos, after J. J. Hill, the eminent English painter. The pictures entitled "The Village Belle" and "Growth of the Moor" are 14x20 inches—printed from 25 different plates, requiring 25 impressions and tints to perfect each picture. The same chromos are sold for \$30 per pair in the art stores. As a premium, the gift of the conductors to keep THE ALDINE out of the reach of competition in every department, the chromos will be found correspondingly ahead of any that can be offered by other periodicals. Every subscriber will receive a certificate, over the signature of the publishers, guaranteeing that the chromos delivered shall be equal to the samples furnished the agent, or the money will be refunded. The distribution of this grade, free to the subscribers of a \$5 periodical, will mark an epoch in the history of art, and considering the unprecedented cheapness of the price for THE ALDINE itself, the gift is a little short of a miracle, even to those best acquainted with the achievements of inventive genius and improved mechanical appliances. (For illustrations of these chromos see Nov. issue of THE ALDINE.)

THE LITERARY DEPARTMENT

will continue under the care of Mr. Richard Henry Stoddard, assisted by the best writers and poets of the day, who will strive to have the literature of THE ALDINE always in keeping with its artistic attractions.

TERMS:

FIVE DOLLARS per annum, in advance, with oil-chromos free.

THE ALDINE will hereafter be obtainable only by subscription. There will be no reduced or club rate; cash for subscription must be sent to the publishers direct, or handed to the local agent, without responsibility to the publishers, except in cases where the certificate is given, bearing the fact-similar signature of Jas. Sutton & Co. AGENTS WANTED.

Any person wishing to act permanently as a local agent will receive full and prompt information by applying to JAS. SUTTON & CO., Publishers, No. 88 Maiden Lane, New York.

THE FASHIONABLE SOUVENIR.

HOLIDAY SEASON. This year will be THE SUPERB VOLUME OF THE ALDINE.

Richly bound in morocco cloth, assorted colors, beveled boards, red edges, gilt on back and sides—a truly royal volume—gallery of fine art engravings that will be at once a great pleasure to the recipient, and a demonstration of the taste of the donor. There are about 300 plates, most of which could not be matched in size or quality in the art stores at a dollar each. They comprise designs by the leading painters and draughtsmen of day, giving the widest range of figure, animal and landscape subjects, combined with pure, light and graceful literature, edited by the poet scholar, Richard Henry Stoddard, forming a most attractive ornament for the parlor or library.

AS A REPUBLICAN JOURNAL.

The Times will be devoted, as in the past, to

an intelligent and firm support of the

Republican Party. Its course in reference

to the Tammany Ring, at a time when all

the other daily papers in New York ob

scured and discouraged its efforts, attests

its sincerity in the cause of Reform. The

Times stood alone in demanding Reform

from 1869 to the close of 1871, and there

is no sincere and honest proposal for Re

form, in any branch of the Government,

which will not be heartily supported by the

Times. But it will not conspire in assist

ing ambitious politicians or demagogues to

reach power under false pretenses. It will

not encourage defection from the Republi

can Party, which is still the party of pro

gress, security and national prosperity.

It will sustain, with all the force and in

fluence at its command, the principles and

policy which have rendered its efforts, attests

its sincerity in the cause of Reform. The

We especially call the attention to the following testimonials of the Paint: C. P. Knight, Esq.—Dear Sir: I have used Bradley's Patent Enamel Paint on my dwelling last Spring, and am much pleased with it, and it looks as well now as when first painted, and consider it a good Paint. Yours, truly, Cresswell P. O., Hartford county, Md., Feb. 6th, 1873. A. H. STRASBAUGH.

THE PLAINS, FAUQUIER CO., VA., Feb. 6th, 1873. Mr. C. P. Knight—Sir: The Paint came safely to hand as ordered—two kegs, five gallons each, and three buckets, one gallon each. As practice was slack, I did the job myself. Two weeks, (not constant work), completed the house two coats. The last coat I applied thick, and it is now generally conceded that for enamel-like hardness, and body, and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people, in excellency of material, in beauty of color, and in the fact of its being "ready mixed" that I give you free permission, (if it is desirable to you), to make what use you think proper of this letter. Very respectfully and truly, S. MCGILL, M. D.

TO THE PUBLIC.—It affords me much pleasure to state that in July, 1871, Front Street Theatre was painted inside and out with "Bradley's Patent Enamel Paint," for which C. P. Knight, No. 93 West Lombard Street, is agent, and, to testify to its superiority over any and all other paints for similar uses. In no private dwelling can paint possibly be subjected to the very severe test it undergoes at this establishment, where, during our daily cleaning, soap and soda are constantly applied to it, and yet it appears as sound and fresh as when put on. Of the numerous advantages it possesses over other paints, we will only mention its being mixed and ready for use in quantities to suit purchasers; its quickly drying properties, which saves much time in the execution of work where paint is needed, and its very perceptible tenacity, which imparts beauty and durability to the objects on which it is used. As such I most earnestly recommend it to the merchants and tradesmen of our city, believing it will give them greater satisfaction than they can possibly anticipate. WM. E. BINN,

BALTIMORE, April 25, 1873. Front Street Theatre. CHAMBERSBURG, December 10th, 1872. Mr. C. P. Knight—Dear Sir:—The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface of material and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters to mix and furnish materials, wherein we have found the most deception. Yours, truly, JACOB STOFFER & SON.

FROM HON. JOHN WETHERED. Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor. Yours, Respectfully, JOHN WETHERED.

BALTIMORE, December 27th, 1871. C. P. Knight, Esq., Agent for Bradley's Patent Enamel Paint—Dear Sir:—The paint we purchased from you will be cheerfully endorsed as the best of any kind we have ever used; its covering qualities are everything desired, drying promptly and with a hard gloss which must, we think, resist the action of all kinds of weather. This is our experience, and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work. Very Respectfully, EMART & QUARTLEY, 270 W. Baltimore St. House, Sign and Fresco Painters.

Mr. C. P. Knight—Dear Sir:—I am very happy to inform you that your "Patent Enamel Paint" has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to all others. Very Respectfully, C. P. KNIGHT, Sole Agent, No. 93 W. Lombard Street, Baltimore.
